HADDONDALE
Dahlias
1932

Greetings

IT is with great pleasure that we present herewith our Dahlia Catalogue for 1932. As always it contains the best of the newer and standard varieties.

Realizing the confusion caused by a large list of dahlias, we have carefully selected the following representative dahlias as being among the best as to size, color and variety.

We carry many varieties not listed in this catalogue and if you have in mind certain dahlias which we have not listed, write us, perhaps we can supply them. Let us have your requirements.

Haddondale Gardens will spare no effort to give satisfaction to its patrons and will strive to the utmost to keep the valued confidence of the friends it has made during the past years. It is fitting at this time to thank our many friends and customers for their patronage and the confidence placed in us.

May we draw your attention to the following:

New 1932 Introductions

MEDFORD (ID)
The large scarlet red blossoms are full centered and of great depth. They are held high on straight strong stems. Bush is tall, of vigorous growth and produces flowers in abundance.
Tubers $5.00 **Plants $2.50**

SEEDLING No. 68 (FD)
Beautiful large blooms of very pleasing formation. Strawberry pink is the predominating color, shading to tan in the full, well formed center. Bush is of medium height, stems being all that could be desired. **Tubers $10.00** **Plants $5.00**

SEEDLING No. 78 (ID)
Massive blooms of spectrum red. Deep full center to the very last. Bush is of medium height and sturdy. Stems strong and straight.
Tubers $10.00 **Plants $5.00**

AMERICAN LEGION (IF)
This beautiful clear yellow Dahlia won First Prize at the 1931 Atlantic City Flower Pageant. It also won the American Achievement Medal. The bloom exhibited at this show measured $13\frac{1}{2}$ inches in diameter. **Plants Only, $7.50**

ASBURY PARK (FD)
An outstanding new Dahlia of true autumn shades. The general effect is Copper-salmon. Petals are strawberry red, suffused with salmon and tinted with old gold at tips. Bush growth averages 5 to $5\frac{1}{2}$ feet. Flowers measure 6 to 8 inches across under average garden culture. Grown for exhibition this bloom can be grown from 10 to 14 inches across. Has won seven First Prizes and a Certificate of Merit. **Plants Only, $5.00**
